

Eco Schools Orientation Programme

"The environment is where we all meet; where we all have a mutual interest; it is the one thing all of us share."

On April 23rd, 2024, Little Flowers Group of Schools, in collaboration with the Centre for Environment Education, hosted an Eco-Schools Orientation Programme. The event commenced with a ceremonial lamp lighting session, followed by a presentation highlighting the experiences of students and teachers within the Eco-Schools Programme. Students from Little Flowers Public Sr. Sec. School performed a compelling street play focusing on wetland conservation. Esteemed facilitators Mr. Shreyas Sajeevan and Ms. Gayatri Dave delivered enlightening talks on reducing carbon and water footprints, ecological balancing, SDGs, and the seven-step methodology of the Eco-Schools Programme. Engaging activities such as story-making and case study discussions enriched the session. Mr. R.D. Patel, Managing Director of Little Flowers Group of Schools, and Ms. Bhavna Arora, Vice Principal of Little Flowers International School, felicitated the speakers.

Through illuminating talks, captivating performances, and interactive activities, the event inspired students and educators alike to embrace sustainable practices and contribute to a greener future.
